

The Montana State Information Technology Services Division (SITSD) has changed the method by which users authenticate to Member Self-Service (MSS). Members will now use Okta rather than ePass to log into MSS. If you are a state employee, you will not be able to use your state email account. Please create your Okta account with a personal email account.

1. Open a web browser and visit <https://login.mt.gov>.

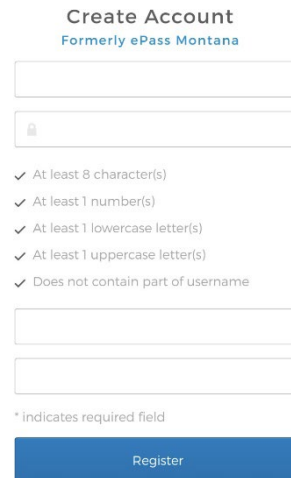

2. On the Okta Sign In page, click **Sign up**.

3. On the Create Account page, enter this information:

- **Email (cannot be State of Montana)**
- **Password (follow password requirements guide)**
- **First name**
- **Last name**

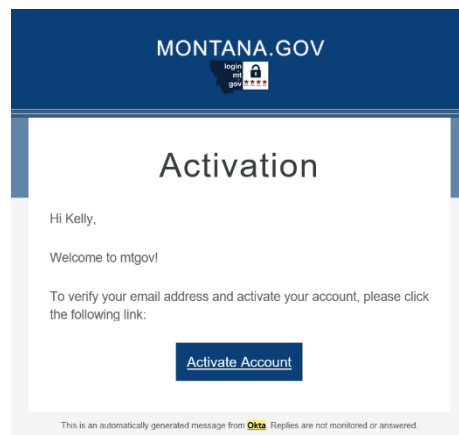

4. Click **Register**.

5. Open your email client and click the **Activate Account** link in your email from **Okta**. This link expires within 7 days of receiving it.

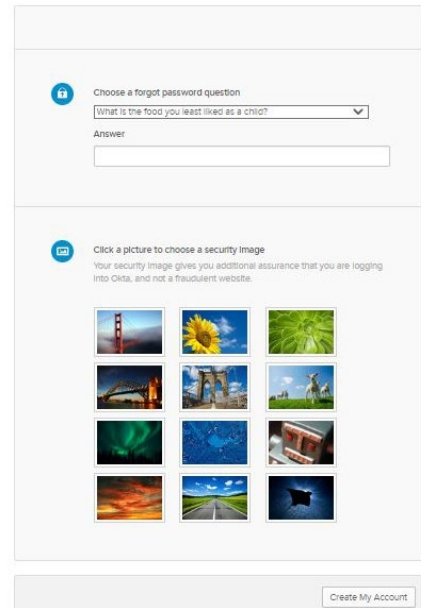

Now your account is created and you will be redirected to the Sign In page.

6. Enter your email address/username and password and click **Sign In**.

7. On the Welcome page, complete these fields:

- Choose a **forgot password question**.
- Choose a **security image**.

You are directed to your User Dashboard.

8. On the User Dashboard you can **search** for Apps such as **MPERA Member Self-Service Portal**.

9. From here you can register with MSS. You will need:

- Your Member ID which can be found on your Annual Statement from MPERA
- Your first and last name
- Your date of birth
- The last four of your SSN
- To complete your registration, you will be sent a registration key through your email.

Please contact the Member Call Center at Toll Free: 1-877-ASK-PERB (1-877-275-7372) or in Helena: 444-3154 if:

- You do not receive the email with this registration key
- You need your Member ID
- Any other issues related to your member account or this registration process
